31 March 2022

Dear Parent/Carer

Re: Big Bang Near Us Event 19 April 2022

The UTC has been given an opportunity to host a 'Big Bang Near Me' Event on Tuesday 19 April 2022. This event will enable students to learn more about STEM from a range of employers in a practical and engaging manner.

The plan for the day will be as follows:

Year 9/Year 10 students:

Students will be taking part during the morning. Students should arrive at the UTC at 8.30am and will be allowed to leave at 12.30pm. (Students will be able to stay for lunch 12:00 - 12:30pm).

Year 11/12/13 students:

Students will be taking part during the afternoon. Students should arrive at the UTC 12:00pm and will be able to leave at 3pm. (Students will be able to attend to have lunch 12:00 - 12:30pm)

Following the morning's activities, we will be holding a Next Steps / Apprenticeship Fair from 3-6pm and we would like to invite all our students and parents along to attend this event and meet with employers, educators and training providers to discuss future pathways and opportunities. This is a fantastic opportunity to help understand what students can do to support this progression. This event is also open to any student and/or parent from any other schools so please do feel free to share this information. Please keep an eye on our Social Media platforms for further details and sharing opportunities.

Employers attending include:

Rolls-Royce
Toyota
Alstom
JCB
Balfour Beatty
Motus Commercials

Pentaxia
Network Rail
British Army
Royal Navy
EMA Training
University of Derby
Derbyshire Health Education

Miss Warburton will email you when the booking form for the Next Steps / Apprenticeship Fair goes live on our website.

Yours sincerely

Lee Kirkwood
Principal
